

St. Cecilia's Public School
Art of Good Teaching
Speaker: His Grace Prashant Mukunda Das

“Change can start with ourself
And can begin only from within”

Workshops are always a pleasure as they distress the mind and rejuvenate it. Keeping this in mind the school organized a workshop for teachers – Art of Good Teaching. The speaker was his grace Prashant Mukund Das a renowned personality who joined ISKON in the year 2006 and since then preaching the importance of vedic culture to different parts of the society. He has been taking many workshops based on Bhagwat Gita and Srimad Bhagwatam. He spoke about the importance and meaning of a ‘Guru’ and how a Guru should always adorn the qualities of being tolerant, excellent in knowledge, available to help his/her students any time, caring, happy and responsible. He emphasised on the importance and reading of scriptures. The workshop laid emphasis on the role of a guru who takes his/her students from dark to light and must always have a positive attitude. On the whole, it was an informative, interactive and enriching session and enlightened all the teachers.
