

St. Cecilia's Public School Children's Day Celebration

On the occasion of children's Day, a series of musical and dance performances were organized for the primary wing. Seeing their teachers sing and dance, children's enthusiasm and eagerness went up high. They proved to be lovely audience to the medley sung by the teachers. The dances performed by the children of classes one to five reflected their energies, love and enjoyment. They looked awesome in colourful dresses. The programme won the hearts of the children as they all had a big smile as long as river Nile on their faces while going back.
