

St. Cecilia's Public School Fire Safety Workshop

On June 30, 2018 a fire safety and security workshop was held for school faculty in the school by Mr. Ankit and Mr. Vinod.

As number of fire incidents occurs every year all around the world, so it was important to conduct such workshop for the safety and security of the school and students. This workshop was to create awareness. Proper measures to be taken, fire equipments to be checked regularly and these should be proper escape plan. Training regarding use of fire extinguishers were given to the staff members. Overall the workshop was quite effective.
