

## St. Cecilia's Public School Magic in Science Competition

Scientia club of St. Cecilia's Public School organized "Magic in Science" competition and Power Point Presentation in the month of May 2018.

"Magic in Science" was organized for class IX & X. Students participated enthusiastically. They presented their activities and magic to explain the scientific concepts & principles.

"Power Point Presentation" was organized for classes XI & XII. The topics given to students were (i) Cyber-crime-hacking and cracking (ii) Biotechnology students expressed their ideas with the help of presentations on their respective topics. They got good exposure and gained confidence of public speaking.

Students were judged on the basis of content, presentation oratory skills. The audience thoroughly enjoyed the event.
