## Workshop on Memory Structuring

St. Cecilia's Public School organized a workshop on memory structuring for Class-X on 19<sup>th</sup> May, 2017. The workshop was conducted by Mr. Mohd. Faisal he told the different ways in which the students can retain anything related to their academics as well general life with great ease.

The workshop which was conducted by a four times world record makes, Mr. Mohd. Faisal was focused on mainly two methods of memorizing. The methods were story telling and the list method of memory retention. The students were told easy ways on how to memorize anything with the help of making stories and relating things to one another. The students were quite active and were giving quick response to the questions asked by Mr. Mohd. Faisal.

The workshop was highly beneficial for the students as sir told them the various tips and tricks to memorize the periodic table in chemistry. The students were also told easy ways by which the students can memorize and retain song chapter easily with the help of list method of memory retentions.

Madam Principal encouraged the students to use these tips as memory chargers for better understanding and learning.
