Quiz Club
Quiz – II
Social Science and Heritage (India)

India is a land of diversity. Its rich culture and bewildering heritage has attracted people from all over the globe since ancient times. A 'Social Science and Heritage' quiz was conducted in St. Cecilia's Public School in the month of August 2018 to make students explore more about their motherland for various relief features, historical monuments etc. It was an effort by the Quiz club to take students on a tour to Indian History and Heritage through this Quiz. All students participated enthusiastically in the quiz.
