

ST. CECILIA'S PUBLIC SCHOOL

Quiz Club

Session – 2018-19

Quiz I

May, 2018 heralded the Science and Environment quiz competition at St. Cecilia's Public school. The event witnessed enthusiastic preparation and participation.

The Quiz was conducted for a class VI to X. Full participation of students was encouraged. The objective was to enhance the students general knowledge covering topics like earth, environment and science.

School encourages positive competition and hopes to bring out the best in all its students through such competitive events, while ensuring that the children learn all possible ways, not just through books and class room teaching.
