

St. Cecilia's Public School Sports Week

To destress and rejuvenate the young minds a sports meet was held for the primary students of classes I-V. The sports Incharges conducted the overall event in a very nice manner. The students participated zealously in the various races – flat race, sack race and the three legged race. From the very start , their aim was to be a winner. The cheer and applaud in the air boosted the confidence and morale of the participants. They enjoyed thoroughly. Overall it was a fun filled week.
