

St. Cecilia's Public School Swachhta Abhiyan Programme

The National Science Centre, Delhi had organized several activities and programme for students on the occasion of Swachhata Abhiyan programme.

Students of St. Cecilia's Public School participated in various activities and competition on 29th September, 2018.

The middle wing students of our school participated in Painting Contest, Elocution Contest and Poem recitation contest.

The talented and deserving students of our school got prize in all the three activities and added one more feather of achievement in the glory of St. Cecilia's Public School.

Students from various schools had come there to participate in the competition (approximately 50 schools) and our students got position in all the three competition making their parents and school proud on them.

“Sanitation is more important than Independence”
