REPORT ON ACTIVITIES AND COMPETITIONS ORGANISED BY ECO CLUB TO CELEBRATE

VAN MAHOTSAV- TREE PLANTATION FESTIVAL: 1st AUGUST TO 14th AUGUST, 2017

Nationwide, Van Mahotsav: TheTree plantation festival is celebrated to infuse in more vitality and sustainability in our environment via the quintessential life force- plants and trees. In compliance with the guidelines issued by the directorate of education and in support of this nationwide initiative, The Eco Club of St Cecilia's Public School , Vikaspuri, New Delhi organized spiral of diverse activities and competitions for school children in this endeavor. The two weeks span ranging from the 1st to 14th of August witnessed children as the Eco Saviors taking up responsible roles in spreading awareness, taking initiatives and channelizing their intellectual abilities to provide effective strategies in this regard. The various activities and events tapped in the creative potential of the children to spread effective awareness in this direction and bringing forth sustainable solutions. With active participation and incessant support from Madam Principal, Madam Vice Principal, Co-ordinators and all the teachers the students identified their powerful roles and their ability to bring about a change and take up the responsibility they owe to Mother Earth. Cited below is a descriptive glimpse of the diverse activities which culminated into this vibrant Van Mahotsav festival.

1. VAN MAHOTSAV – SAPLING PLANTATION DRIVE:

Students of all the three wings Primary, middle and senior wings planted the saplings with their own hands in the school campus itself under the careful guidance of the teachers and the gardener. Students not only understood the technique of sapling plantations through hands on experience but also experienced the joy of planting a new life on their own. Students were guided by Madam Principal and Vice Principal to continue with this practice in their home and neighborhood areas as well.

2. EXPLORING THE DIVERSE PLANT KINGDOM VIA THE HUMAN UTILITY LENS: CREATION OF A MEDICINAL PLANTS FACT FILE

Students of class IV explored the quintessential importance of Plants for Humans under the researchful arena of Medicinal plants. Students explored the diverse variety of plants and their various active components which makes them their unique utility which no other plant possesses on the planet.

3. POSTER MAKING: GREEN EARTH CLEAN EARTH

Plants are the natural purifiers, provide the life force in the form of oxygen and maintain the balance of carbon di oxide- oxygen in nature. Trees are one of the strongest fighters of air pollution. With this basic theme the students of Class V designed creative posters to spread awareness in this direction.

4. BANNER MAKING

Students of class VI designed beautiful attractive banners by combining both content with their creativity to impactfully spread the message and stand up for the cause.

5. SLOGAN WRITING

Students of Class VII, raised their voice for the cause, and expressed their opinions via this Slogan writing competition which witnessed the power of words come to the aid of spreading literacy for the cause.

6. ENCYCLOPEDIA SHEET DESIGN & CREATION OF DO YOU KNOW FACTFILE

Students of class VIII had this intellectually stimulating activity wherein they designed a sheet of encyclopedia without any constraints on their creativity to present diverse information on any species of the wealthy plant kingdom. The collection of the encyclopedia sheets is indeed a self created worthy resource.

7. LOGO DESIGN FOR AWARENESS CAMPAIGN:

For students of class IX a creatively enriching activity to create design of a logo for tree plantation and save tree campaign was organized. The event witnessed blooming imaginative potential of children getting its concrete form on the slate of paper enriched with colors of expression.

8. POSTER DESIGN: SAVE TREE, SAVE LIFE

Students of class X designed attractive posters to spread awareness about the direct relation between plant existence and human existence. The posters were not only blossoming with the green life energy but also ignited the lamp of duty and responsibility amongst the viewers in for this inevitable cause.

9. BULLETIN BOARD DECORATION

To spread awareness, make their opinions both heard and visible students tapped the bulletin boards as an important platform to give a strong message across. The Bulletin boards of the school became a vibrant form for celebration of this Van Mahotsav festival.

10. MORNING ASSEMBLY AS A STRONG FORUM TO SPREAD AWARENESS

Via enactments, visual as well as auditory tools , students celebrated the Van Mahotsav in an intellectually stimulative, informative yet interesting way. Through literary as well as creative tools the morning assembly became a vibrant forum to spread the message across and ignite the young minds towards this important duty as well as responsibility we all have towards the Mother Earth.

Through the spiral of the above mentioned diverse activities, competitions and events the students of the school celebrated the Van Mahotsav with great vigour and enthusiasm pledging to stand up and take up this cause throughout their life with responsibility
