

St. Cecilia's Public School
Cambridge English Parent Orientation Session
19 July 2025

To apprise parents about the globally recognised Cambridge English Qualifications, a Parent Orientation Session was organised in the school on 19th July 2025. The session witnessed the gracious presence of two esteemed representatives from the British Council – Mr. Ankit and Mr. Pranjal – who were warmly welcomed by the school management.

The spokespersons introduced the Cambridge English program, highlighting it as the world's leading platform for assessing and certifying English proficiency for learners of all ages, levels, and backgrounds. They elaborated on the structured learning pathway, discussing the different levels offered in the program – Starters, Movers, Flyers, KET, and the newly introduced PET.

Parents were taken through the program schedule, pedagogical methodology, and the significant benefits of enrolling their children in these internationally benchmarked courses. The interactive session sparked great interest among the attendees, with parents enthusiastically engaging in discussions and raising thoughtful queries, all of which were addressed in detail by the representatives.

The orientation concluded on a highly positive note, with parents appreciating the initiative and expressing keenness to enroll their children in the Cambridge English program.
