

St. Cecilia's Public School

Career Counselling Workshop for Class XII Students

To guide Cecilian scholars of Class XII toward informed and goal oriented career decisions, the school organized a career counseling workshop on 02.05.25. The session was conducted by professional speakers Mr. Puneet Kausal who brought valuable insights and expertise in career guidance to the students.

The interactive session aimed to educate the students about various career opportunities across fields of Science, Commerce, Humanities, Hospitality and emerging fields such as Artificial Intelligence, Digital Marketing, Entrepreneurship, Digital Content Creators etc. The key highlights of the session were helping students understand individual interests, strengths and aptitudes; an overview of academic and vocational career paths; information about various competitive exams, entrance procedures and future ready skills. During the Q & A session, students actively participated in seeking information about their queries.

The session received positive feedback from students and faculty members alike. It seemed as an eye opener and motivated the students to explore careers aligned with their passions and capabilities. We thank Madam Principal for her ardent support in hosting such informative and fruitful session for the welfare of students.
