CURRENT AFFAIRS SESSION
April-2023

"Knowledge is of no value unless you put it into practice"

Sharpness of mind and semantic ability *are the key* words associated with GENERAL KNOWLEDGE and that is what our Cecilians *displayed during the* G.K. Current Affairs Session conducted in classes in the month of April.

The class teachers discussed the current affairs in the class and students were made aware about the recent happenings. A class discussion was done over the same in which students depicted active involvement.
