

St. Cecilia's Public School
SPECIAL ASSEMBLY CONDUCTED BY ECO CLUB
TO MARK THE CELEBRATION OF
'ECO FRIENDLY GREEN DIWALI'
FOR CLASSES I TO XII
HELD ON 29.10.2024

Eco Club of St. Cecilia's Public School, Vikaspuri, organised a special assembly for all the students of classes I to XII to emphasize on the significance of celebrating eco-friendly green Diwali. The assembly was a cultural extravaganza wherein the festive spirit of the festival was deeply rooted in the responsibility of celebrating Diwali the eco- friendly way.

The assembly initiated with the beautiful vocal prayer 'Ganesh Panchratnam' which sought the blessings of Lord Ganesha for all. This was followed by a beautiful solo bharatnatyam performance as an ode to the Goddess Lakshmi seeking her abundance and prosperity for all on this auspicious occasion. The event moved ahead with scintillating dance performances of the students celebrating the return of Lord Rama to Ayodhya in this beautiful festival of lights.

The event also drew the reflective energies of the students towards understanding the need of saying no to crackers and taking it as a concern of individual responsibility. An awareness spreading 'NukkadNatak' and Rally enlightened the students towards the harmful effects of burning crackers and discussed the socio-cultural concerns allied with it. The assembly beautifully presented the interwoven concepts motivating students to strengthen their resolution to celebrate eco- friendly green Diwali this year.

Madam Principal, Madam Coordinators and all the teachers appreciated the efforts of the students and motivated them to take this cause beyond the boundaries of school, to their home, society , so that every individual can play its pivotal role in making this planet a healthy green one for all. Students pledged to not burn crackers and emerged as eco warriors in playing their sincere role in making this 'Anti Fire Cracker Campaign' a great success.
