Activity Report

Date: 15th May 2023

Activity – Demonstration of simple machines/ Mechanical Robots/ Working models of Artificial Limbs.

The above activity was conducted on 15th May 2023 from 12pm-2:10pm in four rooms Activity hall and 3 class rooms of Standard-I.

About 70 exhibits were demonstrated by 110 students of classes VII-XII. The exhibition was inaugurated by honourable Manager Madam and Director Sir in the august presence of Principal Madam, coordinators and teachers.

All Invitees interacted with students to know about their work. Students explained about their creative work to all dignitaries.

The main motive of activity was to enhance imagination, understanding of concepts involved, scientific temperament as well as to build up their creative skills.

Students' work was judged by the teachers and first second third and consolation positions were awarded.

Students enjoyed and applauded the interactive sessions with the team of Judges and all visitors. The activity has built up the confidence level of the participating students.

Twelve models were selected for First, Second, Third and consolation prizes.
