

**St. Cecilia's Public School  
Earth Day Special Assembly  
Class VIII B**

**Date: April 24, 2024**

*"The Earth does not belong to us; we belong to the Earth"*

*– Chief Seattle*

On April 24th, 2024, class VIII B, organized a special assembly celebrating Earth Day dedicated to promoting environmental awareness and action among students. The assembly served as a platform to highlight the importance of protecting our planet and inspiring individuals to make a positive impact on the environment.

The assembly began with a solemn prayer by students, expressing gratitude for the Earth's abundance and seeking blessings from God. News headlines were read out to make the students aware of their surroundings.

A stirring speech was delivered by Dishita, which eloquently articulated the pressing need for climate action, emphasizing the role of individuals in driving positive change.

Students captivated the audience with a dynamic Nukkad Natak, highlighting the consequences of environmental degradation and the importance of collective action to protect the Earth.

Another center of attraction was the heartfelt poem, recited by Banmeet, emphasizing the beauty and resilience of nature while urging listeners to cherish and protect it.

Furthermore, One of the students also added some valuable points on the role of vector borne diseases and their effect on human being. The students were motivated to follow steps to prevent such diseases.

Few colourful banners adorned with eco-friendly slogans and artwork were showcased, spreading awareness for saving the Mother Earth and prevention of vector borne diseases.

As the assembly came to a close, it served as a powerful reminder that every day should be Earth Day, and that together, we can make a difference for future generations.
