

St. Cecilia's Public School
Earth Day Celebrations 2025
Classes I-XII

On April 22, Classes I to XII proudly celebrated Earth Day with a series of engaging and educational activities aimed at raising awareness about environmental protection and sustainability. The events brought together students, teachers and staff in a united effort to honour our planet and learn how to contribute to a greener future.

The day began with a sincere pledge and commitment to take all steps possible to save mother Earth and highlighting the importance of Earth Day along with the role each individual plays in preserving the environment. Students of all classes participated in various activities such as poster making competitions, greeting card making, book mark making from waste materials, pamphlet designing, collage making, slogan writing, banner making and logo designing. Senior students also contributed in spreading awareness on pressing environmental issues, including climate change, plastic pollution and conservation efforts to encourage students to take active responsibility of their surroundings.

Madam Principal apprised the students to adopt eco friendly habits as reducing plastic use, Conserving resources and promoting 3 R's of Reuse, Reduce and Recycle. In her address, Madam Principal accolade the genuine and sincere participation of Cecilian family in celebrating Earth Day 2025 with Zeal.

The Earth Day Celebration at school served as a powerful reminder of our shared duty to protect Planet Earth and inspired all to act with greater environmental consciousness.
