

**St. Cecilia's Public School**  
**Express Yourself**  
**Editorial Club**  
**Classes IV& V**  
**Theme –Save Nature**  
**Date: April 19, 2025**

Every year April 22 is celebrated as Earth Day world over. The main objective of celebrating this day is to spread awareness among the masses about the necessity to take concrete steps to protect the environment. To commemorate this day, an inter-class competition was organized at St. Cecilia's Public school for classes IV& V. Each and every student participated in the class activity. The topic for this activity was "Save Nature". Since the topic is very vast, many areas were covered such as save wildlife, save electricity, trees, prevent pollution, famous environmentalists etc. Students used appropriate props to substantiate their topic.

Screening of the students was done in the preliminary round. The respective class teachers selected around five students from their class. Final round was taken on the suggested date (April 19, 2024). Such activities enable students to speak their mind and make connect with the audience, thereby building their confidence and oratory skills. Our Coordinator, Ms Meena Rawat recited some slogans related to Earth Day and the students recited after her. The result is as follows:
