

**St. Cecilia's Public School**  
**Class 3 TO 5**  
**Quiz Club**  
**Topic: Flora and Fauna**

A quiz was conducted for class 3 students on the topic of Flora and fauna which covered basic concepts related to plants and animals. It included questions about different types of plants and animals, their characteristics, habitats, adaptations, and the importance of biodiversity. The quiz aimed to assess students understanding of the natural world and their ability to identify and categorize different species . Additionally it encouraged them to appreciate the beauty and diversity of flora and fauna around them. The flora and fauna quiz served as a valuable educational tool providing students with an opportunity to engage with the natural world around them. It highlighted areas of strength and areas for improvement, guiding future teaching and learning activities in the subject .The quiz sparked curiosity among students leading to discussions about environmental conservation.
