

St. Cecilia's Public School
Flower Show
Eco Club(Primary Wing)
Date: March 3, 2026 and March 6, 2026
Venue: School Premises

The Primary Eco Wing (Classes III & Classes IV) successfully organized a vibrant and informative flower show on March 3 and March 6, 2025 in the school premises. The event aimed to celebrate the beauty of nature and care of plants.

The flower show showcased the different variety of flowers, trees, and medicinal plants.

Students from various classes actively participated in the event. They confidently presented valuable information about each plant, including its characteristics, uses, and significance. Their clear and engaging presentations reflected not only their knowledge but also their enthusiasm for environment.

During the flower show, students from all classes enthusiastically visited the exhibits, engaging in interactive discussions with their peers. The opportunity to learn about different plants and their ecological roles sparked curiosity among the young minds.

In conclusion, the flower show was a great success, and served as a platform for students to develop a deeper understanding of the environment. The event not only showcased the beauty of flora but also instilled a sense of responsibility towards preserving and conserving nature.
