

**St. Cecilia's Public School**  
**Maths Club Activity**  
**Class: IV & V**  
**Date: 24.02.26**  
**Organizer: Maths Club (Primary wing)**  
**Title: Bingo Time – Fun with Numbers**

The Maths Club organized an engaging and interactive **Bingo Activity** on 24th February 2026 for the students of Classes IV and V. The objective of the activity was to revise important mathematical concepts in a fun and enjoyable manner.

Students came well-prepared with their A4 sheets and sketch pens to create their own Bingo grids. The questions asked during the activity were based on concepts covered in the syllabus, including multiples, factors, fractions, perimeter, area, and basic arithmetic operations.

The activity created a lively learning environment where students actively participated and enthusiastically solved questions. It helped in strengthening their conceptual understanding, improving mental calculation skills, and building confidence.

The session was not only educational but also highly enjoyable. Students displayed teamwork, sportsmanship, and quick thinking throughout the activity.

Overall, the Maths Club Bingo Activity was a great success and effectively achieved its objective of making learning Maths fun and interactive.
