

St. Cecilia's Public School

MAP ACTIVITIES

TOPIC – GEOGRAPHICAL FEATURES OF INDIA / INDIAN STATES AND CAPITALS

MIDDLE WING

Date: 9th Sept'24

From the activity corner of St. Cecilia's, the agenda for the current month was Map Activities. It was conducted in the Zero Period on 9th Sept'24 for classes VI to VIII. The activity was divided into two segments – i) Relief Features of India and ii) Indian States & Capitals.

In the first part, students were made to identify and locate the different terrains in the physical map of India. While the second part required them to point out all the Indian states correctly on the Political Map and then associate the corresponding capitals to them.

The major objective of the activities was to inculcate the skills to recognize and differentiate map features among students. It was heartening to observe that all the students thoroughly participated and showcased their utmost interest during the entire time. The activity concluded with discussion on learnings during the activity.
