

St. Cecilia's Public School

Map Activity

Classes: 4 & 5

Date: 9.2.26

Introduction:

A map activity was conducted for Class 4 and Class 5 students to enhance their geographical knowledge and map-reading skills. The objective of the activity was to help students identify and locate important places on the map accurately.

Activity for Class 4 – Indian States and their capitals

Class 4 students were given the political map of India. They were asked to locate and mark the capitals of the Indian states. The teacher first explained the directions (North, South, East, and West) and helped students understand the map of India. Students actively participated and carefully located different capitals. Through this activity, they improved their knowledge of the different states and the locations of their capitals.

Activity for Class 5 – European Countries:

Class 5 students were provided with the map of Europe. They were instructed to mark and label major European countries. The teacher guided them in identifying different regions of Europe and important countries. Students showed great interest in locating countries such as France, Germany, Italy, Spain, and the United Kingdom. This activity helped them understand the geographical layout of Europe and improved their map-reading skills.

Learning Outcomes:

- Students developed better map-reading and labelling skills.
- They enhanced their knowledge of Indian states and European countries.
- The activity improved their observation and identification abilities.
- It made learning geography more interactive and engaging.

Conclusion:

The map activity was successful and informative. Students from both classes participated enthusiastically and demonstrated a good understanding of the topics. Such activities make learning more practical and enjoyable.
