Nur-Prep Activities
Baisakhi on 11th April 2025(Friday)

Baisakhi is one of the prime festivals of North India, especially Punjab. It is celebrated to mark the harvesting of the first summer crop, mostly wheat. Little Cecilians of Nursery & Prep celebrated Baisakhi, their first celebration of the year with zest and zeal. Participants of class Nur and Prep came in traditional dresses and danced to the foot tapping baisakhi dance. Headmistress Ma'am addressed the students regarding the importance of this festival. They listened to ma'am with utmost curiosity. They also showed creativity by making Baisakhi crafts.

Earth Day Celebration on 22nd April 2025 (Tuesday)

Each year, our school celebrates World Earth Day to spread awareness about conserving earth. A beautiful message is conveyed by students - "Our continuing efforts in our everyday lives will make this beautiful planet thrive." Earth Day is a proof that even one person can make a global impact in a positive way. On this day, we plant saplings in the school which helps us to lessen the impact of global warming.

We celebrated Earth day week from 14th April (Monday) to 22nd April 2025 (Tuesday)

Earth Day was celebrated through educational and action-oriented activities that were fun. On the occasion of Earth Day, teachers showed videos to remind the students of their duties towards 'Mother Nature' and examples of significant contributions that they could make to support 'Go Green' drive. Students participated in Germination Activity with Headmistress Ma'am and the gardener. They also indulged in craft activity representing Mother Earth, with blue and green colours symbolizing land and water. Our tiny tots enthusiastically participated in dance performance on Earth Day songs. Poster making activity and craft made out of waste (Disposable glasses) were also conducted. Use of 3 R's was taught to them and we all took pledge to save our Mother Earth by not wasting or misusing our resources.
