Wild life attracts children a lot. Children have varied questions in mind regarding plants and animals. They are always curious to learn more about them. Keeping this in mind a quiz was organized at St. Cecilia's Public School, primary wing for classes III to V. Learning material was also given to the students for the better enhancement of their knowledge.

Students participated in the quiz with great enthusiasm. They were very excited to answer questions. Children also shared various facts about plants and animals with interest and felt pride in imparting their knowledge. On the whole it was an exciting and fruitful event.
