

St.Cecilia's Public School

Little Voices, Big Stories

Show and Tell Activity

The Pre-Primary Wing recently organized a 'Show and Tell Activity' for BV1 and Prep students to enhance communication skills, build self-confidence and encourage creative expression. BV1 students enthusiastically spoke about their favourite toy, cartoon, fruit, vegetable and animal, while Prep students chose topics like 'My Mother', 'My Favourite Leader', fruits, vegetables, festivals and 'Mother Earth'. The children expressed themselves with great excitement.

This activity helped students enhance their vocabulary, pronunciation, speaking skills and boosted their confidence, while also teaching them to listen attentively to their peers. The teachers played a significant role by guiding and motivating the children throughout, creating a warm and supportive learning environment.

By involving students in interactive activities like Show and Tell, the school continuously works towards nurturing confident communicators and expressive young learners from the very foundation. The event proved to be a joyful and memorable learning experience for all.
