## Chatter, Cheer and Chocolate Treats: Class Party Day

As we headed into summer break on 13th May 2026, our Pre-Primary students burst into a joy-filled class party.

Classrooms sparkled with bright party decor, music and laughter. Our little ones came dressed in their favourite party clothes, carrying yummy homemade treats in their lunchboxes to share with friends.

The day was full of fun frolic and learning through play way activities planned for them: indoor games, swings, slides and even the ball pool. The day brimmed with laughter, friendship and memories to carry into summer. Teachers sent the children off with warm wishes – to rest, play, revise and return bubbling with energy and joy.

The class party was a delightful celebration of learning, laughter and togetherness as students look forward to the summer break.
