Road and Safety Quiz

'Obey traffic police; follow traffic rules to avoid accidents.'

In India, every year due to Road accidents over 1.5 lakh people die and more than 4.5 lakh get injured including children. The main reason behind these road accidents is not following/knowing traffic and road safety rules. Trafficquiz.com provided a free platform to spread awareness regarding traffic and road safety rules through quizzes for all levels. Students of our school were provided with the necessary details about the quiz with an objective of familiarising them with the various traffic and road safety rules. Several students of our school participated in the quiz in the month of April 2022, appropriate to their age and submitted their participation certificates to their respective class teachers. Besides the students, an appreciable participation was observed by the parents and teachers as well. The effort of the school in this regard was highly appreciated by the parents.
