

St. Cecilia's Public School
“Presentation Competition”
Class IX-X

Date	30.10.25
Name of event	Presentation Competition
Topic	Unit Families: Boon or Bane/Child Labour/ Psychological Impact of Bullying on Teenagers

The Geekoz IT Club of our school organized a ‘Presentation Competition’ for the students of classes IX and X. The event was conducted to encourage students to develop their research and presentation skills using digital tools.

Each team comprised two participants and they had to choose any one of the above topics. The duration given was one hour. Participants were instructed to use MS- PowerPoint or Libre Office Impress for their presentations and to include relevant materials such as images and short video clips.

The competition witnessed enthusiastic participation from students. They presented their ideas with clarity and confidence. The presentations were creative and reflected a deep understanding of the chosen topics. The judgement was done on the basis of content, relevance, creativity and design, presentation skills and technical use. The judges appreciated the students’ efforts and adherence to originality.

Overall, the event was conducted successfully and served as an excellent opportunity for students to enhance their communication and technical skills.
