## **Assembly Report**

### **Save Environment**

#### **Class III-D**

**Date: July 10, 2025**

The morning assembly on the theme "Save Environment" was conducted on July 10 by the students of Class III-D. The objective of the assembly was to spread awareness about the importance of protecting and preserving our environment.

The assembly began with the Morning Prayer, followed by the thought of the day focusing on environmental conservation:

**"The Earth is what we all have in common – let's keep it safe and green."**

Students presented their thoughts, ideas and solutions to save environment. They gave suggestions on how each individual can contribute by reducing plastic use, planting trees, conserving water, and using public transport with the help of placards.

The students highlighted the harmful effects of human activities on nature and emphasizing the need to adopt eco-friendly habits.

All students performed a dance on "Mother Earth", which beautifully expressed the eco-friendly ways to save Our Environment.

To conclude, the class teacher addressed the students, encouraging everyone to take small but consistent steps toward a cleaner, greener, and healthier environment.
