

St. Cecilia's Public School
Scientia Club Activity – Science Quiz
Date of Event: 14th May 2025

The Scientia Club of St. Cecilia's Public School successfully organized an engaging and intellectually stimulating Science Challenge Quiz on 14th May 2025, under the able guidance of our respected Principal Madam.

The event saw enthusiastic participation from students of Class 9th and 10th, showcasing their curiosity, scientific aptitude, and keen interest in exploring beyond textbooks. The quiz featured a wide array of topics designed to test both fundamental concepts and current scientific developments.

The quiz was conducted in two exciting rounds. The first was a Selection Round, where teams were shortlisted based on a preliminary written test. The second was the Final Round, featuring dynamic formats like video-based question rounds and a high-energy rapid-fire round. These engaging segments tested students' analytical skills, visual understanding, and quick thinking. Each round was carefully curated to maintain a balance of challenge and fun. The competition was fierce, yet friendly, with teams cheering each other on.

With everything running like clockwork, the smooth conduct of the event was a reflection of careful planning and efficient coordination. Volunteers played a key role in managing logistics, maintaining discipline, and ensuring that all rounds proceeded without a hitch. The hosts, with their confident demeanor and lively interaction, added a spark to the event and kept the audience fully engaged throughout.

The Science Challenge turned out to be not just a test of knowledge, but a lively celebration of curiosity and intellect.
