Senior Wing (Classes IX and X)
Web Designing Competition for Classes IX and X

The Geekoz IT Club aims to develop IT skills among school students and enhance their knowledge in the field of technology. The competition on web designing enhances their skills and makes them capable and proficient to join the industry.

Students of classes IX and X participated in a programming competition held on 09.05.2025. They designed websites based on the following social topics:

- Religious Tourism in India
- Rainwater Harvesting: Need and Methods
- Careers in Science

The competition was organized and judged by Ms. Prajya Dutta, Geekoz IT Club Incharge, and Ms. Sakshi. School Principal Ms. Inderpreet Kaur encouraged and motivated the students to actively participate and learn in the process to perform better. The winners were awarded certificates and medals.
